THE JULIAN M. MARSHALL AWARD

Betsy Park ex-Huntsman, Millbrook Hunt MB, MH & Huntsman, Sandanona Hare Hounds

As far as hunting hounds is concerned, this year's winner of The Julian Marshall award has quite literally done it all, having hunted Bassets, Foxhounds, and Beagles. Starting at an early age, she became a whipper-in to the Tewksbury Foot Bassets under the tutelage of its renowned Master, James S. (Jimmie) Jones. Later, after college, marriage and a move to New York state, she founded and was Master and Huntsman of the Flint Hill Bassets, a private pack. Then, in 1977, she took on the additional assignment of Professional Huntsman of the Millbrook Foxhounds. Later, the Flint Hill Bassets were merged into the Sandanona Beagles to become the Sandanona Hare Hounds with Betsy a Joint Master and Huntsman. So, that made it complete – a Huntsman of Bassets, Foxhounds and Beagles. And, not just a huntsman, because Betsy has a fine eye for hounds and guided excellent breeding programs so that she has been a consistent winner in hound shows with each group of hounds.

And, of course, Betsy has passed on some of her enthusiasm and love of hunting to her daughter, Eleanor Hartwell, the professional huntsman for the Bridlespur Hunt (Mo).

Betsy Park has also been a driving force to reinvigorate the hunting grounds at the Institute Farm, the home of the National Beagle Club of America. Along with others, Betsy has spearheaded work on the farm to improve rabbit habitat, an effort which has paid off in spades, as could be seen from the plentiful game at recent Beagle and Basset Trials.

While Betsy no longer hunts the Millbrook hounds, she continues to hunt the Sandanona Hare Hounds and is always a top competitor at either Beagle or Basset Trials, or at The Bryn Mawr Hound Show.

Our Fight to Defend the Future of Sporting Dogs

Sporting dog owners nationwide have found themselves in a heated battle over the future of their beloved sport. Over the past few years, sporting dog owners, hobby breeders and kennels have faced a relentless offensive on their way of life, an offensive that has affected nearly every state and all types of dogs. This started with the glitzy media exposé on the treatment of dogs in a few abusive large scale commercial dog breeding operations in Pennsylvania. It has since morphed into a well coordinated national campaign by animal rights extremists, including many prominent animal rights organizations.

Instead of focusing on what "puppy mills" truly are, these efforts would instead prove devastating for sporting dog owners and kennels. They have launched campaigns built around the need to convince opinion leaders that action must be taken, without first demonstrating that a problem even exists. As a result, legislatures across the nation have begun debate on new laws and regulations aimed at eradicating this purported problem.

What's The Problem with These Bills?

As was the case in Pennsylvania, animal advocates see the fervor over "puppy mills" not only as a way to address conditions in abusive kennels. Instead, the animal rights advocates see this as an opportunity to make fundamental changes to all dog ownership. In failing to make distinctions between types of kennels and uses of dogs, private sporting dog kennels end up regulated with the same veracity as abusive large scale commercial breeding operations – aka "puppy mills."

Blurring the lines between legitimate kennels and the worst of the worst, is nothing more than a premeditated attempt to strike a devastating blow to the sporting dog community. The new regulations they propose are not only burdensome and costly, but wholly unnecessary for private sporting dog kennels and hobby breeders and would force many kennels out of existence.

Regardless of whether it's a "puppy mill" bill targeting dog breeders; an effort to ban the tethering and keeping of dogs outdoors; an attempt to mandate that all adult dogs be spayed or neutered; or any other ridiculous requirement, these new laws go far beyond their stated goals and would instead destroy legitimate sporting dog kennels in the process.

How We Will Win!

To win these battles we need to follow a similar plan to what was used in Pennsylvania, where we used a combination of efforts. We must maintain a high level of grassroots pressure. We must work closely with legislators and their staff to ensure our message was being heard. We must give our legal team the resources needed to continually negotiate language to avoid negative impacts for our community.

Fortunately, we have a great ally in fighting these attacks that the anti's are employing to stop all hunting with hounds – the U.S. Sportsmen's Alliance. These essential services are provided by USSA and its partners and volunteers and they have been our greatest asset in this fight. They organize coalitions, unify sportsmen and focus them with a professional strategy to enable us to protect our rights. But they can't fight the expanding war chest of the animal rights movement without your help!

That is why we are asking you to make a contribution to the U.S. Sportsmen's Alliance using the form attached.

Foxhunters, Beaglers and Basseters, Take a Close Look!

Animal rights groups have hijacked the movement to improve sub-standard conditions in commercial dog kennels. So called "puppy mill" bills and other damaging dog legislation are continually introduced in dozens of states across the country as well as countless other dog-related bills, such as spay/neuter of all dogs including individual pets. These bills would shut down sporting dog kennels by forcing all to spend tens of thousands of dollars on unnecessary upgrades and through militant enforcement against law-abiding kennels. It is critical that you make sure these types of hidden agenda attacks in your state do not impact private kennels.

The battle in Pennsylvania and other states in recent years was just the opening battle of a much larger war. Fortunately, we have a great ally in fighting these attacks that the anti use to stop all hunting with hounds. The US Sportsmen's Alliance has been our greatest asset. They organize coalitions, unify sportsmen and focus them with a professional strategy to enable us to protect our rights. But they can't fight the war chest of the animal rights movement without your help.

STANDARD for the FOXHOUND

AS ADOPTED BY THE FOXHOUND CLUB OF NORTH AMERICA

(Applies to English, American and Crossbred classes.

In Penn-Marydel classes, Penn-Marydel Standard shall take precedence.)

GENERAL DESCRIPTION:

The vital characteristics of any Foxhound are: QUALITY, neither coarse nor over-refined; proper STRUCTURE, resulting in balance; and ACTIVITY, based on movement. Careful observation of the initial stride often provides the clue.

HEAD

The skull is of moderate length and breadth. The bite must be level with jaw, neither under nor overshot. Set and length of ears may vary with type. Eyes will vary in shade from dark brown to pale amber.

Defects: The only basic fault is an uneven bite. Color of eyes is not considered to be material.

NECK AND BODY

It is agreeable for the neck to rise gracefully from the shoulders, but a short neck by itself is not necessarily a fault. Seen from the front, the chest is of moderate width in proportion to size. The rib cage should be deep and extending well back. The back is of moderate length with the spine set between cushions of muscle and above all a strong loin with pin-bones set wide. The top line of the back may either be straight from the wither to base of stern or slightly wheeled over the loin. The stern is a natural extension of the backbone, gently curved upward or straight.

Defects: A throat which shows folds of skin to a degree termed "throatiness". Shallow-ribs or barrel-ribs which make for a herring-gutted appearance. A narrow loin and protruding backbone (knobby back), constituting roach-back, are serious faults for propulsion. A falling away of the topline, giving a chopped-off look, is a fault which is not to be confused with a strong wheel-back. The stern must not curve over the base, nor should there be a cup-hook appearance at the end. This fault is a concession to fashion, but it is extremely hereditary and unsightly.

FOREQUARTERS

Shoulders are the essential feature of the forequarters. They are long and sloping, permitting freedom of action and a long, straight stride. The key to the shoulder is the elbow, positioned parallel to the body and not turning out or, worse, turned in. The forelegs are straight with bone and tissue in proportion to body size. The pasterns are of moderate length, either straight or slightly back at the knee. The forefeet may vary in shape with type of foxhound. The essential is that pads and nails bear weight evenly, thereby denoting balance. The toes are strong and well-arched.

STANDARD for the FOXHOUND

Defects: Straight shoulders and elbows turned out or in are faults, and can be assessed from the side, by standing behind the hound, and by observing crooked or constricted forequarters movement. An elbow slightly out at the stand (particularly with immature or young hounds) which straightens with movement is not a fault. Conversely, a foreleg which looks correct at the stand may reveal an over-wide chest in movement. A very narrow chest with forelegs close under the body can also result in restricted and crooked movement. Big, fleshy or splayed feet are faults. Uneven wearing toenails denote imbalance. Knuckling over from the knee generally enamates from a straight shoulder and is a serious fault.

HINDQUARTERS

Hips and thighs, particularly the second thigh, are strong and well-muscled. Hocks are set wide and well let down. The hindquarters may convey the impression of great propelling power. The hindfeet, like the forefeet, may vary in shape with the type of foxhound, the pads and nails bearing weight evenly, the toes strong and well-arched.

Defects: Weak second thighs, hocks which turn in (cow hocks) or lack angulation.

COAT

The coat should be dense and hard and will vary with the type of foxhound. Rough and broken coats are permissible.

COLOR

Any good hound color.

SIZE

The essential criterion is proportion, hence balance. Dogs are ideally not under 22" or over 25" at the withers, and bitches are not under 21 " or over 24" at the withers; however, both dogs and bitches may vary slightly from these guidelines in order to suit the particular condition of their hunting country.

MOVEMENT

One must be able to discern movement which is active, well-coordinated and rhythmic; action must be straight and parallel without dishing or paddling.

TEMPERAMENT

The foxhound is of tractable nature, capable of being taught the quarry to pursue and the riot to avoid.

ENGLISH FOXHOUNDS

All English Foxhound entries are limited to hounds registered in The Foxhound Kennel Stud Book or The Foxhound Kennel Stud Book of America. This rule does not apply to unentered hounds eligible for registration. English Hounds with an outcross of no more than 20% will be permitted to show in the English Ring.

Hounds may be shown on lead or loose at the option of the exhibitor but with the concurrence of the judge, provided however, that hounds shown loose are not to interfere with the showing of other hounds. Any hound so interfering shall be placed on a lead at the order of the Steward.

GENERAL CONDITIONS

10 A hound which is blind, deaf, castrated, spayed, or which has been changed in appearance by artificial means, or a male which does not have two normal testicles normally located in the scrotum, may not compete at any show and will be disqualified. A hound will not be considered to have been changed by artificial means because of removal of dew claws.

When a Judge finds any of these conditions in any hound he is Judging, he shall disqualify the hound marking his book "Disqualified" and stating the reason.

A hound that is lame at any show may not compete and shall not receive any award at that show. It shall be the judge's responsibility to determine whether a hound is lame. If in the judge's opinion a hound in the ring is lame, he shall withhold all awards from such hound and shall excuse it from the ring. A hound so excused shall not be counted as having competed. When a judge excuses a hound from the ring for lameness, he shall mark his book "Excused-lame."

No hound shall be eligible to compete at any show and no hound shall receive any award at any show, in the event the natural color or shade of natural color or the natural markings of the hound have been altered or changed by the use of any substance, whether such substance may have been used for cleaning purposes or for any other reason, Such cleaning substances are to be removed before the hound enters the ring.

If, in the judge's opinion, any substance has been used to alter or change the natural color or shade of natural color or natural markings of a hound, then, in such event, the Judge shall withhold any and all awards from such hound, and the judge shall make a note in the judge's book giving his reason for withholding such award.

All Penn-Marydel Foxhound entries are limited to hounds accepted by the Keeper of the Stud Book of the Master of Foxhounds Association **or** the Keeper of the Stud Book of Penn-Marydel Foxhounds, Inc. (NOTE: Prior to 2008, PMD foxhounds from MFHA registered or recognized hunts were classified in the MFHA studbook as either American or Crossbred hounds. Beginning with 2008 entry, the MFHA developed its own Penn-Marydel stud book, using the same outcross criteria as it applies to American and English hounds. These outcross criteria differ from those historically applied in the Penn-Marydel Foxhounds, Inc. studbook, and, in some cases, result in different hound classifications--i.e. Registered, Listed, or Crossbred.) Penn-Marydel hounds will be allowed to compete in the Bryn Mawr Hound Show as classified **either** in the MFHA studbook or the PMD Foxhounds, Inc. studbook. Each entering hunt must select which studbook they wish to have used for all of their BMHS entries and show all hounds accordingly. If a hunt chooses to show under the MFHA studbook and has pre-2008 hounds that they wish to show which have not been reclassified by the MFHA, PMD hounds that were classified as American will be allowed to show in Registered classes and PMD hounds that were classified as crossbred be allowed to show in Listed classes.

No unrecognized or unregistered hunt that is hunting in the country of a recognized or registered hunt shall be permitted to show hounds without a letter from the Master of the recognized or registered hunt stating that they have no objection to the authorized pack participating in the show.

Only Listed Hounds may be shown in Classes 301-309; Registered Hounds only in Classes 310-326. Registered or Listed Hounds may be shown in class 327 (Pack). Entries are limited to not more than five in unentered and three in entered classes.

Hounds must be shown on lead only with the exception of the Pack class.

1. Every entry shall constitute an agreement that the person making it shall be subject to the rules and regulations of the Bryn Mawr Hound Show Committee. The decision of the Committee on all questions arising therefrom shall be final. In the case of differences between Prize List and Show Catalogue, the Catalogue supersedes. The Committee, at its sole descretion, reserves the right to refuse any entry.
2. All hounds entered for competition must be in their kennels in the show yard by one-half hour before the commencement of judging. Beagle and Penn-Marydel divisions shall begin judging promptly at 8:30 a.m. All other divisions shall begin judging promptly at 9:00 a.m. Kennels must be vacated by noon on the day following the show. Transportation is not available.
3. A master by making entries in this show thereby certifies that the entries shown in the unentered classes are hounds whelped after the first of December two years prior to the current year which are fully intended to be entered hounds at the proper time, and that hounds in entered classes are hunted in a regular and systematic manner. All unentered hounds must be listed under the name of the hunt that is showing them.
4. The entry fee is \$10.00 per entry, except the pack class, which is \$20.00, however total entry fees are capped at \$150.00 per hunt. There is no entrance fee for substitute hounds nor is there an entrance fee for the junior handler classes. The kennel fee is \$25.00 per kennel. Entry and kennel fees are due and payable at the time of entry submission.
5. Each exhibiting pack will be allowed a maximum of five substitute hounds, provided that each substitute hound has been so named as a possible substitute on the substitute entry form received by the Entry Secretary one hour prior to the start of Judging. This form can be mailed or e-mailed in advance and changed on the show day. The Entry Secretary must be advised of any class substitution changes at least 30 minutes prior to the start of judging.
6. There shall be no post entries except in specified classes. Such post entries must be entirely made up of hounds entered in another class in the catalogue or listed as substitute hounds as per 5 above.
7. Entries are limited to not more than five in unentered classes and three in entered classes (except as noted in Beagle and Basset divisions). All hounds must be named with date of entry for entered hounds, and name and date of entry for sire and dam, as they appear in the stud books of the Masters of Foxhounds Association, Penn-Marydel Foxhounds Inc. or the National Beagle Club, and must be the property of packs recognized or registered by those organizations.
8. Entered foxhounds must have been accepted by the Keeper of the Stud Book of the Master of Foxhounds Association or, for the Penn-Marydel division, the Keeper of the Stud Book of Penn-Marydel Foxhounds, Inc., subject to conditions detailed below and in the Penn-Marydel section. Unentered foxhounds must be eligible for acceptance by same. In the case of Penn-Marydel foxhounds, those entered in the

CONDITIONS

PMD division of the MFHA Stud Book or the Penn-Marydel Foxhounds Inc. Stud Book are eligible to compete. In the English ring, foxhounds drafted from other hunts can be shown in all classes. In all other foxhound rings not excepted by the committee, foxhounds drafted from other hunts, with the exception of unentered hounds, can be shown only in the stallion hound or brood bitch classes. Drafted foxhounds from all rings, however, may participate in the Pack Class.

9. Only winners of the unentered, entered, stallion and brood bitch classes are eligible for the champion class. If a winner of a first prize in a class at a prior show of the current year enters the same class at this show that is canceled for lack of competition, it is eligible to compete in the champion class for winners of that canceled class. A hound that has won a championship at a previous Bryn Mawr Hound Show may not compete in the entered dog or entered bitch class of its division. Said hound may compete in the stallion, brood bitch, stallion with get, brood bitch with produce and the dog or bitch champion class of its division. Entries must be made for these classes prior to closing date. (With exceptions as agreed between the Penn-Marydel division and the Committee. Also excepted as noted in the Beagle and Basset Divisions.) A hound that is placed second in a class that qualifies the winner for a champion class may compete for the reserve champion.
10. In the event of only one exhibiting pack entering a class, ribbons and trophies may be awarded but no points will be awarded towards the huntsman's prize. Unless there are three or more entries from two exhibiting packs in a class, no points will be awarded towards the huntsman's prize to the second place exhibitors, but ribbons may be awarded.
11. In the pack class, the individual hounds need not be named. In the stallion with get, bitch with produce and two couple hounds classes, the hounds need not be named. In all except the pack class, however, the hounds must be entered in another class in the catalogue or be listed as substitute hounds in the catalogue.
12. Hunt personnel shall wear kennel coats except in pack class where hunt livery is required. Hunt personnel showing packs are limited to a huntsman and one whipper-in.
13. Huntsman cash prizes of one hundred dollars (\$100.00) first and fifty dollars (\$50.00) for second shall be given to the huntsman of each hound division winning the most "points" in Competition. No "points" will be awarded to hounds removed from the judging area prior to being excused by the judge.

Points will be awarded as follows:

CHAMPION.....5	RESERVE CHAMPION	4
PACK Class – First.....10	OTHER Classes – First.....	3
– Second.....6	– Second	2
– Third.....4	– Third	1

14. To be eligible for a huntsman's prize, exhibitors must show in the pack class. The huntsman's cash prize will be awarded following the pack class, the results of which will be included in the determination.
